## What to bring to a Spring Tent Campout

Be prepared for cold and wetness. Spring can be unpredictable. The easiest way to stay warm is to dress in layers and stay dry. Dressing in layers allows the scout to regulate heat by taking off and putting on various layers. Wetness, including sweating will lead to a cooling down of the body. This is desirable in the heat, but more troublesome in the cooler temperatures. Scouts are responsible for their own gear. (\*\*\*) indicates needed for advancement activities)
