

Crosscut Saw Relay Scoring Guidelines

Material to be provided by Station Master:

- 2 Two-man crosscut saws
- 8" diameter logs (several)
- Support stands for the logs
- 2 Stopwatches for timing

Saws will be provided by the Camporee staff. An eight inch (8") log will be resting on support along with a saw. On the starting signal, time begins. The first two Scouts will run to log and saw for 30 seconds. The person timing the event will call out when 30 seconds have elapsed. After 30 seconds, Scouts will return to starting line where they will be replaced by the next two Scouts who will repeat the process. Patrols will continue tag teaming until a log has been cut through twice. Scoring will be based on time.

20 points will be awarded for participation

Additional points are awarded at the end of the day for speed in sawing through the logs:

Fastest time	30 pts
2 nd place	27 pts
3 rd place	24 pts
4 th place	21 pts
5 th place	18 pts
6 th place	15 pts
7 th place	12 pts
8 th place	9 pts
9 th place	6 pts
10 th place	3 pts
11 th place and lower	0 pts

Total points possible: 50 points
