

Surviving World War II Evaluation Form

Paperwork is the most exciting part of the camporee! Well, no...actually that's totally not true. But for the folks running the camporee, reading all the positive comments from Scouts and Scouters is plenty exciting; and heartwarming too. And for those attendees who might be less than satisfied, a nice evaluation form is the perfect opportunity for them to express their dissatisfaction with **constructive criticism** so camporees can be improved in the future. Besides, how else will we know who to recruit to help enhance things next time!
