Scouts will quickly and safely remove debris from a bombing raid and use triage to assess which wounds are most important for the limited supplies given. Victims will be dolls with cards describing their condition. Scouts will be given several black, red, yellow, and green index cards. After uncovering and assessing each victim, they will assign a color coded card to the victim. Scouts will work as a team for this project, earning points for safety and speed, as well as effective triage.

20 points will be awarded for participation
