

Create signs for North, South, East and West placing them on a wall. Use the directions below as an activity for learning directions and following directions. If the room is not big enough you could use a tile floor.

Select a starting point, North, South, East or West. Using the following directions, see if you can find the mark.

Walk 5 paces to the North, stop  
Walk 10 paces to the West, stop  
Walk 20 paces to the South, stop  
Walk 15 paces to the East, stop  
Walk 15 paces to the North, stop  
Walk 5 paces to the West, stop

At this point, look down on the ground. You should be at the starting point!
