Event score sheet

The "Alligator Pits" are marked on the ground, one for each patrol, 15' x 15' square. Patrols line up on one side of their pits. On signal the patrols lash together an A-Frame "walker" using either three Square Lashings or two Square Lashings with a Two-Spar Shear Lashing at the top. At the top they attach two 20-foot lashing ropes, and attach two more ropes at each corner of the crossbar, using Two Half Hitches. These are the guy lines. The patrol then stands the "walker" upright, and one member climbs on the crossbar. One Scout mans each guy line to help steady and to help propel the Scout on the crossbar as he tries to "walk" the A-Frame across the alligator pit. Only the A-frame "walker" is allowed inside the pit. Maximum time allowed is 10 minutes.
