Event score sheet

The District will provide the torches

Patrol must light their torch using an alternative fire starting method (i.e. no matches or lighters) in a designated area. Patrol members will be staged at eight different locations along the relay course. Patrols that have less than 8 members will need some members to be used again. The lit torch will be walked (no running) from one location to the next. The final location is the Olympic Fire Ring. This event will be scored by the overall fastest patrol time.

The first patrol to finish will have the privilege of lighting the Olympic Fire Ring (propane fire ring) at Flag Raising.

Successfully starting a fire 30 points

Additional points are awarded at the end of the day for speed in completing the event:

Fastest time	30 pts
